## EXPERIENCE

### **CVP, Remote** | *UI/UX/CX Technologist*

Feb. 2022 - PRESENT

Providing a better user experience for myUSCIS, workflows, and copy decks to meet requirements delineated in Sprint Planning and Refinement syncs.

Participate in design reviews and audits while maintaining the design systems.

### **Seton Hall University, South Orange, NJ** | *UI/UX Designer*

2013 - 2022

Translate high-level requirements into interaction flows and artifacts then transform them into better, intuitive, functional user interfaces with "mobile-first" in mind. Defined and implemented innovative solutions for the product direction, visuals and experience from concept to a user-friendly final production and promoting responsive design guidelines, accessibility, best 508 practices and standards.

### **Launch3 Telecom, Hackensack, NJ** | *Full-stack Designer/Developer*

2012 - 2012

Standardized all front and backend systems for the company's 8 subsidiaries; Launch 3 Telecom, NMS Cards, VoIP Route Products, Lucent 5ESS, Lucent Gear, Lucent Cellular, Antenna Supply, and Telco Scrap with the use of wireframes, site outlines, performance reports and mock-ups.

### **S.P.E.C.O., Hackensack, NJ** | *UI/UX Designer*

2006 - 2012

Design and execution of all web, print, social media for Mario Barth and Mario Barth Tattoo properties like "The Biggest Tattoo Show on Earth", Intenze Products, Starlight Tattoo. Standardized and managed all print, e-mail, mobile, banner and billboard advertising/marketing. Other design duties included product, package and label for all in-house merchandise, tattoo ink and ink packaging.
